# Memorandum

TO : Wade H.B. Matthews - Chargé

DATE: 10 April 1985

FROM : Jayne L. Kobliska - Consul General *JL*

SUBJECT: Welfare/Whereabouts: Case of Boris Weisfeiler

New information has recently been received which indicates that the boundaries of Colonia Dignidad are more extensive than had been previously thought. They extend very close to the river Nuble, if not in fact to the river itself. The southern boundary of the Colonia extends at least to the river Perquilauquen, the river immediately to the north of the river Nuble. Thus, at the time of his disappearance Weisfeiler was either on or very near to the Colonia property. I feel that it is vital that this new information be transmitted to the Department immediately by secure telephone. I am therefore arranging to speak to CA/OCS by secure telephone.
